I've had Native Bear perform at Nourish No44 regluarly for around 2 years, They are beautiful people with great talent. The twist of pop/country styles bring guests flocking to our venue for a night of entertainment and our guests never leave empty hearted. They always Enjoy the night when Jasper and Morgan are on. I've seen these two supply wonderful background dining music to full on entertainment, where we've even had diners dancing inbetween tables. Wonderful Musicians. Highly Recommend.

## Summary

Overall Score:	4.46		
Summary Comments:	Jasper is a very good musician. He participates in some extra music activities onboard. He is a very good performer and the guests love him. He is a friendly person. He also mingles well with other fellow crew members onboard. This is his 1st contract with the company and he is doing very good so far. Jasper is a very good asset for the company and I believe his 1st contract here is successful. I am more than happy to work with him again in the future.

Omg they were amazing! As the landlady herself I love them! There totally original they don't try to sound like the people who sang the original songs they put their own twist to it but still making the song sound amazing as if they where the first to sing it, and the way they are with the crowd they interact with them which I find is a must and their so laid back and funny it's tottally awesome! I look forward to them being here every time I know their coming! I would happily recommend them for any type of event their perfect for any accation! 😊
